

Appendix B – Local Government Wide Controls

Control		Action or activity description	Lead agency	Other stakeholder(s)	Notes and comments
Ref No	What is the control in place?	What is the name of the specific action or activity?	Who is the agency responsible for implementation of the control?	Are there any other key stakeholders who contribute to the success of the control?	Provide a brief description of the action or activity, such as community education campaigns, including its contribution to bushfire risk management in the local government, target areas, key timeframes and any work being undertaken to improve the control.
1	Preparedness	Annual Fire Break Notice	Shire of Wyndham East Kimberley		Published annually and distributed to all landowners and occupiers clearly outlining their requirements.
2	Prevention	UCL/UMR Mitigation	DFES/DCBA	DPLH	UCL/UMR mitigation undertaken by DFES and DBCA annually on high-risk lands to reduce risk to assets and infrastructure
3	Prevention	Shire of Wyndham East Kimberley Mitigation Program	Shire of Wyndham East Kimberley		Shire of Wyndham East Kimberley undertake mitigation on high-risk parcels of land under the Shires responsibility. This is undertaken on a priority basis based on the funding available each year.
4	Prevention	DFES Annual Aerial Controlled Burning Program	DFES	Pastoralists	DFES undertakes an annual aerial burning program on pastoral stations that elect to be involved. It is understood that it is not DFES entire responsibility to carry out mitigation and there is a level of expectation that pastoralist will also undertake mitigation
5	Prevention	DFES Roadside Burning Program	DFES	Mainroads WA	DFES in consultation with Mainroads WA and affected neighbors undertake roadside burning annually to limit the ignition of fires from the roadside.
6	Preparedness	Shire of Wyndham East Kimberley Annual Fire Break inspection program	Shire of Wyndham East Kimberley		The Shire proactively undertakes inspections of private lands for compliance with the firebreak notice.
7	Response	Satellite remote monitoring	DFES/DBCA/LG	DFES/DBCA/Landowners	Monitoring of remote sensing services for early detection and intervention of fires
8	Preparedness	Preseason Fire Forum	DFES	LG/DBCA/Land Managers	DFES in conjunction with other key stakeholders hold annual preseason fire forums that address identified risks, high fuel loads and mitigation success during the early dry season
