Dear Paul,

BORE INSTALLATION ON RESERVE No. 47334 – VICTORIA HIGHWAY

I am writing in regard to your request to install a bore on Main Roads Reserve No. 47334. I wish to advise that Main Roads does not object to the proposal, subject to the Shire of Wyndham East Kimberley entering into a formal agreement executed between yourself and Main Roads, indemnifying the Commissioner of Main Roads against any claims, costs, or damages arising from the installation or operation of the bore. This agreement will include relevant conditions relating to the works.

I note that conditions may, but will not be limited to:

- Complying with relevant environmental and heritage legislation and guidelines.
- Obtaining necessary permits or approvals from other relevant authorities.
- Restoring the site to its original condition.

This preliminary approval does not authorise the commencement of installation. No works can proceed until all conditions are met, including the execution of the formal agreement and all required approvals.

If you have any further questions or require clarification regarding these conditions, please do not hesitate to contact us, quoting **D25#76866**.

Yours sincerely,

A handwritten signature in blue ink that reads 'Alan Davies'.

Alan Davies
A/Regional Director
